SUMMARY

Dynamic and dedicated Web Developer with expertise in the MERN stack and a strong focus on crafting responsive, user-friendly interfaces using React.js, TypeScript, and Tailwind CSS. Proficient in building scalable backends with Node.js and Express.js, managing databases with MongoDB and MySQL, and delivering robust APIs with REST and GraphQL. Experienced in developing multi-language websites and mobile applications, with a track record of successful freelance and contract roles. Enthusiastic about problem-solving and continuous learning, aiming to excel as a Full-Stack Developer while delivering impactful digital solutions.

WORK EXPERIENCE

DB Klik **Surabaya, ID**

Front End Developer - (Freelance) Sep 2024 - Now

- Designed and developed website user interfaces based on client requirements using React.js and TypeScript.
- Created UI styling tailored to client preferences using Tailwind CSS to ensure a visually appealing and responsive design.
- Developed multi-language websites according to client specifications, utilizing React.js state management with useContext for seamless language switching.

PT Inti Surya Laboratorium **Tangerang, ID**

IT Programmer - (Contract) Sep 2024 - Now

- Maintained and developed features for the company's website using JavaScript, Bootstrap, and jQuery to ensure optimal performance and user experience.
- Conducted migration and integration of the company website from the old version to the new version, utilizing React.js, jQuery, and Bootstrap to enhance efficiency and scalability.
- Developed and released a mobile application using React Native, designed to improve employee flexibility and productivity.
- Managed the backend and database to deliver reliable RESTful APIs using Laravel Lumen, supporting the company's system integration needs.

PT Hash Rekayasa Teknologi **Malang, ID**

Front End Developer - (Contract) Jan 2024 - Jul 2024

- Responsible for designing user interfaces to enhance the appearance and usability of applications, utilizing React Admin and Material UI.
- Responsible for assisting the team in building frontend functionality to enhance the company's websites or systems, using appropriate technologies.
- Responsible for integrating with GraphQL API and RESTful API to connect the user interface with the database, using Axios, ra-data-graphql, and Hasura-GraphQL.

- Responsible for developing new features based on client requests to enhance application functionality and improve user ease, using JavaScript and TypeScript
- Responsible for debugging to fix errors or bugs identified by the QA team or experienced by users while using the application, using TypeScript.

EDUWORK

Internship Project

Yogyakarta, ID

Aug 2023 - Nov 2023

- Built API as database and file storage using MongoDB
- Created a system to modify the database such as displaying, adding, editing, and deleting data using the Node.JS file controller
- Added a Router so that switching from one page to another is 80% more responsive using Node.JS
- Developing a responsive website application design and making it easier to maintain and view on 2 or more devices by utilizing HTML, CSS, and ReactJs
- Created a website display from mockups and APIs that had been made previously to form an attractive and responsive website for 2 weeks using React.JS.

PPIH Arab Saudi

Transportation Staff - (Contract)

Mecca, Saudi Arabia

May 2023 - July 2023

- Regulating Traffic at the Grand Mosque Terminal. Enacted efficient traffic regulation at the Grand Mosque terminal, overseeing buses for Hajj pilgrims through effective communication.
- Organizing Elderly Pilgrims with Exceptional Service. Ensured seamless Hajj execution for elderly pilgrims through top-tier services, emphasizing clear communication for a smooth and tranquil journey.
- Field Coordination with Hotel Transportation Officers. Efficiently coordinated pilgrim transportation, ensuring calm boarding and leveraging communication tools for collaboration.
- Guided lost pilgrims by collaborating with the hotel's protection department, by emphasizing communication channels
- Supervising Pilgrims to Prevent Issues. Proactively supervised Hajj pilgrims to prevent issues like missing persons or crimes, emphasizing effective communication for safety and well-being.

Graha Jatim Hotel in Cairo

Director - (Contract)

Cairo, Egypt

Sep 2021 - Sep 2022

- Implemented a well-organized internal work ecosystem, ensuring comprehensive understanding of all work systems and directing team members appropriately through WhatsApp and other communication channels.
- Provided guests with exceptional service, treating them in a friendly and tactful manner, fostering effective communication.
- Fostered relationships with guests by building a familial connection, striving to make them feel comfortable and at home, enhancing communication.

- Conducted coordination efforts, collaborating with staff and the supervisory board to plan future progress, emphasizing effective communication.
- Conducted surveys on Indonesian hotels in Cairo and well-known hotels in Indonesia, aiming to implement best practices at Graha Jatim hotels. Established positive relationships with travel owners in Cairo through effective communication.

Graha Jatim Hotel in Cairo

Cairo, Egypt

Secretary - (Contract)

Interests: Front End Web Developer | Back End Developer | Fullstack Web Developer | MERN Stack Web Developer

Language : Indonesian Language (Native), Arabic Language (Intermediate), English Language (Intermediate)

PROJECTS

PT SYAHMA SUKSESS BERKAH (Company Profile)

Des 2023

- now

Details : Offered to develop a website for a friend's startup specializing in briquette export, providing a free platform to showcase and introduce the company's products to a broader audience.

Tools : React.JS, TailwindCSS

Link : <https://github.com/Firosmalik000/PT-Syahma-Suksess-Berkah>

Demo : <https://syahma-suksess-berkah.netlify.app/> (on progress)

Firos Portofolio

Des 2023

Details : MyPortofolioWebsite

Tools : React.JS, TailwindCSS

Link : <https://github.com/Firosmalik000/portofolio-2>

Demo : <https://firos-portofolio.netlify.app/>

Shopper

Nov 2023

Details : final assignment from Eduwork.Id which is a simple ecommerce website that I made with MERN stack

Tools : React.JS, TailwindCSS, MongoDB, Express JS, Node JS.

Link : - FrontEnd: <https://github.com/Firosmalik000/front-simple-ecommerce>

- BackEnd : <https://github.com/Firosmalik000/backend-simple-ecommerce>

Demo : <https://shoper-firos.netlify.app/>

Crypto update

Des 2023

Details : website to see daily crypto developments using the API from

<https://api.coingecko.com/>

Tools : React.JS, TailwindCSS, ChartJS

Link : <https://github.com/Firosmalik000/crypto-app>

Demo : <https://simple-crypto-update.netlify.app/>

Simple Book Store

Des 2023

Details : A bookstore I developed with frontend serving as the UI and backend acting as the database to display, add, delete, or edit book data.

Tools : React.JS, TailwindCSS, MongoDB, ExpressJS, NodeJS

Link : <https://github.com/Firosmalik000/book-store>

Simple E-Quran

Des 2023

Details : I have developed an e-Quran application utilizing an open API provided by <https://equran.id/apidev>. For state management, I opted for Redux Toolkit to delve deeper into its functionalities and enhance my understanding.

Tools : React.JS, TailwindCSS, Redux Toolkit

Link : <https://github.com/Firosmalik000/simple-quran-using-redux>

Demo : <https://simple-quran-web.netlify.app/>

Slicing UI Project

Des 2023

Details : Engaged in UI/UX slicing projects, specializing in crafting the BagBerry brand's visual elements.

Tools : React.JS, TailwindCSS.

Link : <https://github.com/Firosmalik000/slicing-project>

Demo : <https://firos-slicing-project.netlify.app/>

Figma : [Click Here](#)

Laravel Fullstack ERP

Jul 2024

Details : Fullstack ERP project for technical test requirement.

Tools : React.JS Inertia,PHP, Laravel, Tailwind CSS.

Link : <https://github.com/Firosmalik000/Laravel-Fullstact-ERP>

PT Kevin Shipping (Freelance)

Sep 2024

Details : Company Profile

Tools : React.JS,React Icons, Tailwind CSS.

Link : <https://sriraayusilver.vercel.app/> (development)

Link : <https://www.srirahayusilver.com/> (publish)

Sri Rahayu Silver (Freelance)

Sep 2024

Details : Company Profile

Tools : React.JS,React Icons, Tailwind CSS.

Link : <https://sriraayusilver.vercel.app/> (development)

Link : <https://www.srirahayusilver.com/> (publish)

YHH (Freelance)

Okt 2024

Details : Company Profile

Tools : React.JS,React Icons, Tailwind CSS.

Link : <https://yhh-red.vercel.app/> (development)

Link : <https://yhh.co.id/> (publish)

KYP Bali Trans (Freelance)*Okt 2024*

Details : Company Profile

Tools : React.JS, React Icons, Tailwind CSS.

Link : <https://kyp-bali-trans.vercel.app/> (development)Link : <https://www.kypbalitrans.com/> (publish)**Salam Pesona Bahari (Freelance)***Nov 2024*
